LABOR DAY AT THE ZOO

Yesterday was Labor Day and the Knights were billed for a picnic at the Zoo. The place had few of the laboring class in the afternoon, but it was well filled with ladies and children, so crowded, in fact, that considering it a picnic by the labor people the suggestion that "everybody works but father" was borne out by the non-attendance of the men. The idea of a holiday seemed to inject itself into the cages of the different attractions. The parrots would not talk and the laughing jackasses acted as though they had sense enough to be quiet. The sad-eyed bears were dead to the world and with not enough ambition to get up and take a peanut, but the monkeys showed a kindred regard for an old fellow who insisted upon poking one of them up with a stick. The greatest attraction was on the skating surface, where the usual thrud occurred at regular periods. The floor is a splendid one, and the orchestra made skating a real pleasure. In the evening the unions gave a dance that was well patronized, and the dancing was much enjoyed.

FREE STEREOPTICON LECTURES.

The officers of the new Makiki church, corner of Kinau and Pensacola streets, have cordially opened this building for a series of lectures illustrated by stereopticon pictures. Rev. W. D. Westervelt will lecture the first Tuesday evenings of September, October and November on History and Scenes of the Hawaiian Islands. The lectures will be entirely in English. The subject of the first lecture will be: "The Seas and the Fishes of Hawaii." The pictures will include fishing scenes, ships, landings and a large number of the beautiful fish found by the United States Fish Commission in the waters around these islands.

This lecture will come on Tuesday, September 4th, 8 p. m. No admission fee will be charged, but there ought to be a collection to aid the Japanese church in meeting its bill for electric lights used.
